

Price Waterhouse Chartered Accountants LLP

Independent auditor's report

To the Members of Tek Travels Private Limited

Report on the audit of the Standalone financial statements

Opinion

1. We have audited the accompanying standalone financial statements of Tek Travels Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Cash Flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw your attention to Note 42 to the financial statements, which describes the management's assessment of the impact of the outbreak of Coronavirus (Covid-19) on the business operations of the Company, as per which the management believes that no material adjustments are required in the financial statements as it does not impact the current financial year. However, in view of the various preventive measures taken (such as complete lock-down restrictions by the Government of India, travel restrictions, etc.) and highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve. Our opinion is not modified in respect of this matter.

Other Information

5. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

6. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
7. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Matter

11. The financial information of the Company for the year ended March 31, 2020 and the transition date opening balance sheet as at April 1, 2019 included in these Ind AS financial statements, are based on the previously issued statutory financial statements for the years ended March 31, 2020 and March 31, 2019 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by us, on which we expressed a unmodified opinion dated September 30, 2020 and September 20, 2019 respectively. The adjustments to those financial statements for the differences in accounting principles adopted by the Company on transition to the Ind AS have been audited by us. Our opinion is not modified in respect of these matters.

Report on other legal and regulatory requirements

12. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
13. As required by Section 143(3) of the Act, we report that:

INDEPENDENT AUDITOR'S REPORT

To the Members of Tek Travels Private Limited
Report on audit of the Financial Statements
Page 4 of 4

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
 - (j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone financial statements – Refer Note 38 to the financial statements
 - ii. The Company has long-term contracts including derivative contracts as at March 31, 2021 for which there were no material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2021.
 - iv. The reporting on disclosures relating to Specified Bank Notes is not applicable to the Company for the year ended March 31, 2021.
14. The provisions of Section 197 read with Schedule V to the Act are applicable only to public companies. Accordingly, reporting under Section 197(16) of the Act is not applicable to the Company.

Page 1 of 2

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to financial statements of Tek Travels Private Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone financial statements in accordance with generally accepted accounting principles, and

Annexure A to Independent Auditors' Report

Referred to in paragraph 13(f) of the Independent Auditors' Report of even date to the members of Tek Travels Private Limited on the Standalone Financial Statements for the year ended March 31, 2021

Page 2 of 2

that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone financial statements and such internal financial controls with reference to Standalone financial statements were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. Refer Para 4 of the main audit report.

Annexure B to Independent Auditors' Report

Referred to in paragraph 12 of the Independent Auditors' Report of even date to the members of Tek Travels Private Limited on the standalone financial statements for the year ended March 31, 2021

Page 1 of 3

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and equipment.
- (b) The Property, Plant & Equipment are physically verified by the Management according to a phased programme designed to cover all the items over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the Property, Plant and equipment has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
- (c) The Company does not own any immovable properties as disclosed in Note 3 on Property, Plant and equipment to the financial statements. Therefore, the provisions of Clause 3(i)(c) of the said Order are not applicable to the Company.
- ii. The Company is in the business of rendering services, and consequently, does not hold any inventory. Therefore, the provisions of Clause 3(ii) of the said Order are not applicable to the Company.
- iii. The Company has granted secured loans to one company covered in the register maintained under Section 189 of the Act.
 - (a) In respect of the aforesaid loans, the terms and conditions under which such loans were granted are not prejudicial to the Company's interest.
 - (b) In respect of the aforesaid loans, the schedule of repayment of principal and payment of interest has been stipulated, and the parties are repaying the principal amounts, as stipulated, and are also regular in payment of interest as applicable.
 - (c) In respect of the aforesaid loans, there is no amount which is overdue for more than ninety days.
- iv. The Company has not granted any loans or made any investments, or provided any guarantees or security to the parties covered under Section 185 and 186. Therefore, the provisions of Clause 3(iv) of the said Order are not applicable to the Company.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi. The Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, undisputed statutory dues in respect to goods and services tax and income tax have not been regularly deposited with the appropriate authorities and there has been serious delays in large number of cases, the company is generally regular in depositing undisputed statutory dues in respect of professional tax, labor welfare fund though there has been slightly delays in a few cases and is regular in depositing undisputed statutory dues, including employees' state insurance, provident fund and other material statutory dues, as applicable, with the appropriate authorities.

Annexure B to Independent Auditors' Report

Referred to in paragraph 12 of the Independent Auditors' Report of even date to the members of Tek Travels Private Limited on the Standalone Financial Statements for the year ended March 31, 2021

Page 2 of 3

Further, The extent of arrears of statutory dues outstanding as at March 31, 2021, for a period of more than six month from the date they become payable as follows:

Name of the statute	Nature of dues	Amount (Rs.)	Period to which the amount relates	Forum where the dispute is pending	Date of Payment
Goods and Service Tax (GST)	Tax collected at source (TCS) under GST	2,489,044	October 2018 to September 2020	10 th of the following month	Rs. 191,116 on April 29, 2021 Rs. 47,099 on June 25, 2021 Rs. 113,536 on July 24, 2021 Rs. 2,137,293 on August 27, 2021
Income Tax	Tax Deducted at source	1,561,760	F.Y 2007-08 to 2020-21	7 th of Following month	Rs. 1,351,160 on September 23, 2021 Rs. 210,600 on September 24, 2021

(b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of sales-tax, duty of customs, duty of excise, value added tax or goods and services tax which have not been deposited on account of any dispute. The particulars of dues of income tax and service tax as at March 31, 2021 which deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount (Rs.)	Amount Paid under Protest (Rs.)	Period to which the amount relates	Forum where the dispute is pending
Finance Act, 1994	Service Tax	80,300,677	-	2013-2017	Customs, Excise and Service Tax Appellate Tribunal
Finance Act, 1994	Service Tax	302,019,411	22,651,456	2007-2013	Customs, Excise and Service Tax Appellate Tribunal
Income Tax Act, 1961	Income Tax	7,411,237	-	AY 2017-18	Deputy Commissioner of Income Tax
Income Tax Act, 1961	Income Tax	- (Net of refund amounting to Rs. 560,183 adjusted with AY 2016-17)	-	AY 2016-17	Commissioner of Income Tax (Appeals)

viii. As the Company does not have any loans or borrowings from any financial institution or bank or Government, nor has it issued any debentures as at the balance sheet date, the provisions of Clause 3(viii) of the Order are not applicable to the Company.

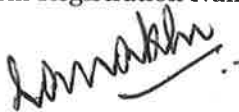

Annexure B to Independent Auditors' Report

Referred to in paragraph 12 of the Independent Auditors' Report of even date to the members of Tek Travels Private Limited on the Standalone Financial Statements for the year ended March 31, 2021

Page 3 of 3

- ix. The Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans. Accordingly, the provisions of Clause 3(ix) of the Order are not applicable to the Company.
- x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the Management.
- xi. The provisions of Section 197 read with Schedule V to the Act are applicable only to public companies. Accordingly, the provisions of Clause 3(xi) of the Order are not applicable to the Company. Also refer paragraph 14 of the main audit report.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the provisions of Clause 3(xii) of the Order are not applicable to the Company.
- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the standalone financial statements as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act. Further the company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to the extent, the provisions of clause 3(xiii) of the order are not applicable to the company.
- xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of Clause 3(xiv) of the Order are not applicable to the Company.
- xv. The Company has not entered into any non cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.
- xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

General information

Tek Travels Private Limited (the 'Company') is domiciled in India and its registered office located at Delhi, India. The Company has been incorporated under the provisions of the Companies Act, 1956. The Company is primarily in the business of operating an online technology platform providing its customers access to book global travel inventory aggregated through travel suppliers like airlines, hotels, etc.

Summary of significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

1.1. Basis of preparation

(a) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards ('Ind AS') as per the Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of Companies Act 2013 ('Act') and other relevant provisions of the Act and subsequent amendments thereto.

The financial statements up to the year ended March 31, 2020 were prepared in accordance with the accounting standards as per the Companies (Accounting Standard) Rules, 2006 (as amended) notified under section 133 of the Act and other relevant provisions of the Act.

The financial statements for the period ended March 31, 2021 are the Company's first set of Ind AS financial statements prepared in compliance with Ind AS 101, 'First-time Adoption of Indian Accounting Standards' has been applied. The transition to Ind AS has been carried out from the accounting principles generally accepted in India ('Indian GAAP'), which is considered as the Previous GAAP, for purposes of Ind AS 101. Refer note 31 for an explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

(b) Historical cost convention

These financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) is measured at fair value

1.2. Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification.

An asset is treated as current when it is:

- a. Expected to be realised or intended to be sold or consumed in normal operating cycle, or
- b. Held primarily for the purpose of trading, or
- c. Expected to be realised within twelve months after the reporting period, or
- d. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as Non-current assets.

A liability is treated as current when it is:

- a. It is expected to be settled in normal operating cycle, or
- b. It is held primarily for the purpose of trading, or

Tek Travels Private Limited
CIN - U74999DL2006PTC155233
Notes forming part of the financial statements

- c. It is due to be settled within twelve months after the reporting period, or
- d. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as Non-current liabilities.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

An operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents.

1.3. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM).

Results of the operating segments are reviewed regularly by the Group's executive officers comprising of Executive Directors and Group Chief Financial Officer, which has been identified as CODM, to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available.

1.4. Foreign currency translation

(a) Functional and presentation currency

The items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates (that is, 'functional currency'). The financial statements are presented in Indian Rupees (INR) which is the Company's functional and presentation currency.

(b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing as at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

Non-monetary assets and liabilities denominated in a foreign currency are translated using the exchange rate prevalent, at the date of initial recognition (in case measured at historical cost) or at the date when the fair value is determined (in case measured at fair value).

1.5. Revenue recognition

The main sources of revenue for the Company are commission income from air ticketing, commission income from hotel booking, providing technical services to its customers.

The Company has assessed that it acts as an agent in arrangements in relation to Air ticketing and Hotel bookings, as the Company does not control the services provided by the airlines and hotels.

The revenue from rendering these services is recognised in the statement of profit or loss once the services are rendered. This is generally the case on issuance of airline tickets (for Air ticketing services) and on date of hotel booking (for hotel reservations).

Income from Air ticketing

Commission income from the sale of airline tickets is recognised on a net basis when the customers book the airline tickets. Contracts with airlines include incentives based on volume of business, which are accounted for as variable consideration when the amount of revenue to be recognised can be estimated to the extent that it is probable that a significant reversal of any incremental revenue will not occur.

The Company receives an upfront commission/incentive from Global Distribution System (GDS) providers for facilitating the booking of airline tickets on its website, which is recognised as revenue as and when the tickets are booked, and the balance amount is recognised as deferred revenue under contract liabilities.

The Company also receives monies towards refunds from airlines based on contractual terms. The Company recognises these amounts as revenue when the travellers' rights to claim the refunds expire.

The Company recognises refund liabilities (under Other current liabilities) for tickets expected to be cancelled. Accumulated experience is used to estimate such cancellations at the time of sale at a portfolio level (expected value method), in such a manner that it is highly probable that a significant reversal in the cumulative revenue recognised will not occur. The Company also recognises a corresponding refund asset (under Other current assets) for the commission parted on such expected cancellations.

Income from Hotel booking

Income from hotel booking services is recognised when the customers book the hotels.

Contracts with hotels include incentives based on volume of business, which are accounted for as variable consideration when the amount of revenue to be recognised can be estimated to the extent that it is probable that a significant reversal of any incremental revenue will not occur.

The Company recognises refund liabilities (under Other current liabilities) for reservations expected to be cancelled. Accumulated experience is used to estimate such cancellations at the time of sale at a portfolio level (expected value method), in such a manner that it is highly probable that a significant reversal in the cumulative revenue recognised will not occur. The Company also recognises a corresponding refund asset (under Other current assets) for the commission parted on such expected cancellations.

Income from technical services

Income from technical services is recognised as and when the services are rendered, net of goods and services tax.

The Company also receives annual maintenance service fees on certain software provided by the Company to its customers in the past and revenue in respect of the same is recognised over the time.

Business support services

Income from providing business support service represents a fee charged to a related party for services provided by the Company under the terms of the service agreement. Fees are charged on a cost-plus basis and revenue is recognised over time as and when the services are provided.

Other operating revenue

The Company receives incentives from credit card companies in the form of 'cash backs' for transactions processed through their cards, which the Company recognises as 'Other operating revenue' when such transactions are processed.

1.6 Service fees

The Company incurs expenses in the form of 'Service fees' for commission parted for air, hotel and other bookings. Service fees is recognised when the customers book the tickets.

The Company presents the commission parted as a 'Service fees' expense, as these expenses represent the cost of services incurred by the Company to earn its revenues from airlines/hotels.

1.7. Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated based on the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate based on amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

1.8. Leases

As a lessee

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company. Contracts may contain both lease and non-lease components. However, the Company has applied practical expedient not to separate lease and non-lease components and instead accounts for these as a single lease component.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of fixed payments. Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company:

- uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk for leases held by the Company, which does not have recent third party financing, and
- makes adjustments specific to the lease, e.g., term, country, currency and security.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

1.9. Impairment of assets

Intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher

Tek Travels Private Limited
CIN - U74999DL2006PTC155233
Notes forming part of the financial statements

of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

1.10. Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, credit card receivables, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

1.11. Trade receivables

Trade receivables are amounts due from customers for services performed in the ordinary course of business. Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

1.12. Investments and other financial assets

(a) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those to be measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments that are not held for trading, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at Fair value through other comprehensive income (FVOCI).

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(b) Recognition

Regular way purchases and sales of financial assets are recognised on trade-date, being the date on which the Company commits to purchase or sale the financial asset.

(c) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in Other Income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains/(losses). Impairment losses are presented as separate line item in the statement of profit and loss.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through Other comprehensive income (OCI), except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains/(losses) and impairment expenses are presented as separate line item in statement of profit and loss. The Company currently does not have any debt instruments which are accounted for at FVOCI.
- **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

The Company subsequently measures all equity investments at fair value. The Company has not elected to present fair value gains and losses on equity investments in other comprehensive income.

Changes in the fair value of equity instruments at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(d) Impairment of financial assets

The Company assesses on a forward-looking basis the expected credit loss associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 32 details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach required by Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(e) Derecognition of financial assets

A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(f) Income recognition

Interest income

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost is calculated using the effective interest method is recognised in the statement of profit and loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Dividends

Dividends are received from financial assets (equity instruments) at fair value through profit or loss. Dividends are recognised as other income in profit or loss when the right to receive payment is established. This applies even if they are paid out of pre-acquisition profits, unless the dividend clearly represents a recovery of part of the cost of the investment.

1.13. Derivatives

The company enters into certain derivative contracts to hedge risks which are not designated as hedges. Such contracts are accounted for at fair value through profit or loss and are included in other gains/(losses).

1.14. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

1.15. Property, plant and equipment

All items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the straight-line method to allocate the cost of the assets, net of their residual values, over their estimated useful lives as determined by the management as follows:

Asset	Estimated useful life
• Vehicles	5 years
• Office equipment	3 years
• Furniture and fixtures	5 years
• Computer systems	3 years

Leasehold improvements are depreciated over the shorter of their useful life or the lease term, unless the entity expects to use the assets beyond the lease term.

The useful lives have been determined based on technical evaluation done by the management's expert which are lower than those specified by Schedule II to the Companies Act; 2013, in order to reflect the actual usage of the assets. The residual values are not more than 5% of the original cost of the asset.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

1.16. Intangible assets

(a) Computer software and website portal development and integration

Costs associated with maintaining software programme and websites are recognised as an expense as incurred. Development costs that are directly attributable to the design and testing of identifiable and

Tek Travels Private Limited
CIN - U74999DL2006PTC155233
Notes forming part of the financial statements

unique products controlled by the Company are recognised as intangible assets where the following criteria are met:

- it is technically feasible to complete the software so that it will be available for use
- management intends to complete the software and use or sell it
- there is an ability to use or sell the software
- it can be demonstrated how the software will generate probable future economic benefits
- adequate technical, financial and other resources to complete the development and to use or sell the software are available, and
- the expenditure attributable to the software during its development can be reliably measured.

Directly attributable costs that are capitalised as part of the software and website include employee costs and an appropriate portion of relevant overheads.

Capitalised development costs are recorded as intangible assets and amortised from the point at which the asset is available for use.

(b) Amortisation methods and periods

The Company amortises intangible assets with a finite useful life using the straight-line method over the following periods:

- Computer software 3 years
- Website portal development and integration cost 3-5 years

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all intangible assets measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

1.17. Assets classified as held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset is recognised at the date of de-recognition.

Non-current assets are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognised. Non-current assets classified as held for sale are presented separately from the other assets in the balance sheet.

1.18. Trade payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

1.19. Provisions

Provisions for expenses are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Where there are several similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

1.20. Contingent liabilities

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. The Company does not recognise a contingent liability but discloses its existence in financial statements.

1.21. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Normally at initial recognition, the transaction price is the best evidence of fair value.

However, when the Company determines that transaction price does not represent the fair value, it uses inter-alia valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All financial assets and financial liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy. This categorization is based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Tek Travels Private Limited

CIN - U74999DL2006PTC155233

Notes forming part of the financial statements

- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

Financial assets and financial liabilities that are recognised at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period.

1.22. Employee benefits

(a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(b) Other long-term employee benefit obligations (such as compensated absences)

If the Company has liabilities for earned leave that are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, these obligations are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(c) Post-employment obligations

The Company operates the following post-employment schemes:

- defined benefit plans such as gratuity; and
- defined contribution plans such as provident fund.

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The interest cost is calculated by applying the discount rate to the balance of the defined benefit obligation. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined contribution plans

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(d) Bonus plans

The Company recognises a liability and an expense for bonuses. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

1.23. Contributed equity

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

1.24. Dividends

Provision is made for any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

1.25. Earnings per share

(a) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year if any.

(b) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after-income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

1.26. Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest millions as per the requirement of Schedule III, unless otherwise stated.

1.27. New amendments applied by the Company

COVID-19 related concessions – amendments to Ind AS 116 Leases:

The amendment provides lessee with a practical expedient and an exemption to assess whether a COVID-19 related rent concession is a lease modification to payments originally due on or before June 30, 2021. Amendment also requires disclosure of the amount recognised in statement of profit and loss to reflect changes in lease payments that arise from such concession. The Company has elected to apply this practical expedient and recognised lease concessions as variable lease payments.

2. Critical estimates and judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

Critical estimates and judgements

The areas involving critical estimates or judgements are:

- **Provision for income tax and deferred tax assets**

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions. Also, refer to Notes 1.6 and 29.

A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

- **Estimation of defined benefit obligation**

The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained in employee benefits note 35.

- **Impairment of trade receivables**

The loss allowances for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history and existing market conditions as well as forward-looking estimates at the end of each reporting period. Details of the key assumptions and inputs used are disclosed in note 32.

- **Determination of lease term**

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

Most extension options in office leases have been included in the lease liability, because the Company could not replace the assets without significant cost or business disruption.

The lease term is reassessed if an option is actually exercised (or not exercised) or the Company becomes obliged to exercise (or not exercise) it. The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and that is within the control of the lessee.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

	As at March 31, 2021	As at March 31, 2020	As at April 1, 2019
Non-current			
Provision for Gratuity	52.45	48.78	41.66
Total Employee benefit obligations - Non-current	52.45	48.78	41.66
Current			
Provision for Gratuity	12.22	9.83	9.28
Provision for Leave encashment (refer note below)	11.28	10.27	8.61
Total Employee benefit obligations - Current	23.50	20.10	17.89

The leave obligations cover the Company's liability for earned leave.

The entire amount of provision of INR 11.28 Mn (March 31, 2020 - INR 10.27 Mn, April 01, 2019 - INR 8.61 Mn) is presented as current, since the company does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the company does not expect all employees to avail the full amount of accrued leave or require payment for such leave within the next 12 months.

	As at March 31, 2021	As at March 31, 2020	As at April 1, 2019
Leave obligations not expected to be settled within the next 12 months	9.08	8.40	6.95

19(a) Contract liabilities

	As at March 31, 2021	As at March 31, 2020	As at April 1, 2019
Non-Current			
Contract liabilities	53.04	160.62	84.55
Total Contract liabilities - Non-Current	53.04	160.62	84.55
Current			
Contract liabilities	443.89	805.71	557.50
Total Contract liabilities - Current	443.89	805.71	557.50

i) Significant changes in contract liabilities

Contract liabilities consist of advance from customers (travel agents) of INR 305.59 Mn (March 31, 2020: INR 724.11 Mn, April 1, 2019: INR 338.27 Mn) which refers to advance received from customers (travel agents) for issue of tickets and hotel packages. The Company acts an agent in such cases, hence, only a part of this advance i.e. Commission income from such advance will be transferred to revenue. Given the nature of transactions, it is impracticable for the Company to work out the amount which should be transferred to revenue for each year.

Contract liabilities also consists advance fees of INR 191.34 Mn (March 31, 2020: INR 242.22 Mn), April 1, 2019: INR 303.78 Mn) received from its GDS (Global distribution system) service provider which will be recognised as revenue based on the volume of sales completed by the Company through the GDS.

The contract liabilities have decreased as the overall operations have reduced.

(ii) Revenue recognised in relation to contract liabilities

The following table shows how much of the revenue recognised in the current reporting period relates to carried-forward contract liabilities consisting of advance fee from GDS and how much relates to performance obligations that were satisfied in a prior year:

	As at March 31, 2021	As at March 31, 2020
Revenue recognised that was included in the contract liability (Advance fee received from GDS) balance at the beginning of the year	68.94	249.83

19(b) Other liabilities

Current			
Statutory dues including provident fund and tax deducted at source	55.17	122.08	146.11
Refund liabilities	24.50	80.31	0.31

30 Leases

This note provides information for leases where the Company is a lessee. The Company majorly leases office space. Rental contracts are typically made for fixed periods of 2 years to 10 years, but may have extension options.

1. Extension and termination options

Extension and termination options are included in a number of lease contracts. These are used to maximise operational flexibility in terms of managing the assets used in the Company's operations. The majority of extension and termination options held are exercisable mutually by the company and the respective lessor.

Amounts recognised in balance sheet

Right-of-use assets are measured at cost comprising the following:

Right-of-use assets	As at March 31, 2021	As at March 31, 2020	As at April 1, 2019
Buildings (refer note 5)	73.36	158.84	216.92
Total right-of-use assets	73.36	158.84	216.92

Lease liabilities	As at March 31, 2021	As at March 31, 2020	As at April 1, 2019
Current	33.96	59.30	53.31
Non current	48.50	105.89	160.86
Total lease liabilities	82.46	165.19	214.17

Amounts recognised in profit and loss account

Depreciation charge of right-of-use assets	Year Ended March 31, 2021	Year Ended March 31, 2020
Buildings (refer note 5)	54.40	63.67
Total depreciation charge of right-of-use assets	54.40	63.67

Expense in relation to lease liabilities	Year Ended March 31, 2021	Year Ended March 31, 2020
Interest expense (included in finance costs)	8.67	15.15
Expense relating to short term lease/lease of low value assets	6.16	2.81
Total lease liabilities	14.83	17.96

Payments associated with short-term leases are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

The total cash outflow for leases for the year was INR 57.6 Mn (March 31, 2020- 72.18 Mn).

Covid-19-related Rent Concessions – Amendments to Ind AS 116

As a result of the COVID-19 pandemic, rent concessions have been granted to lessees. Such concessions might take a variety of forms, including payment holidays and deferral of lease payments. Amendment to Ind AS 116 Leases provides lessees with an option to treat qualifying rent concessions in the same way as they would if they were not lease modifications. Accordingly, this will result in accounting for the concessions as variable lease payments in the period in which they are granted.

The Company has applied the practical expedient to all qualifying rent concessions.

Rent concession

The Company has applied the practical expedient to all qualifying rent concessions and accordingly such rent waivers have not been treated as lease modifications. These are treated as variable rent as stated in Ind AS 116 Leases. On application of practical expedient, an amount of INR 7.43 Mn has been recognised in statement of profit and loss with corresponding debit to lease liabilities.

Lease modification

The Company has modified certain leases with decrease in scope and accordingly the Company has remeasured the lease liability based on the revised cash flows using the interest rate implicit in the lease for the remainder of the lease term, and has decreased the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease. If the interest rate implicit in the lease is not readily determinable, the Company has used estimated incremental borrowing rate (received from the current bankers as per the Company's instructions) at the effective date of modification. The Company recognises any gain or loss relating to the partial or full termination in the statement of profit and loss account.

Considering the above and in accordance with Ind AS 116, in relation to modifications resulting in termination, the company has reduced the lease liability by INR 34.58 Mn (March 31, 2020 - INR 3.79 Mn) with decrease in carrying amount of right of use asset (net of depreciation) by INR 33.32 Mn (March 31, 2020 - INR 3.54 Mn). Further, in relation to modifications not resulting in termination, the company has reduced the lease liability by INR 0.5 Mn (March 31, 2020 - INR nil) with decrease in carrying amount of right of use asset (net of depreciation) by INR 0.5 Mn (March 31, 2020 - INR nil) and recognised a gain of INR 1.26 Mn (March 31, 2020 - INR 0.25 Mn) in the statement of profit and loss account.

31 First time adoption of Ind AS

Transition to Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in note 1 have been applied in preparing the financial statements for the year ended March 31, 2021, the comparative information presented in these financial statements for the year ended March 31, 2020 and in the preparation of an opening Ind AS balance sheet at 1st April 2019 (the company's date of transition). In preparing its opening Ind AS balance sheet, the company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP).

An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

(a) Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A.1 Ind AS optional exemptions

A.1.1 Deemed cost

Ind AS 101 permits a first time adopter to elect to fair value of its property, plant and equipment as recognised in financial statements as at the date of transition to Ind AS, measured as per previous GAAP and use that as its deemed cost as at the date of transition or apply principles of Ind AS retrospectively. Ind AS 101 also permits the first time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS. This exemption can be also used for intangible assets covered by Ind-AS 38.

The Company has elected to consider previous GAAP carrying amount of its property, plant and equipment and intangible assets as its deemed cost on the date of transition to Ind AS.

A.1.2 Ind AS 116, Leases

As a first time adopter, the Company has used the following optional exemptions permitted:

- Assessed whether contracts as at transition date contains a lease based on facts and circumstances existing as on that date.
- not to apply Ind AS 116 to contracts that were not identified as containing a lease under Ind AS 116 Leases - Determining whether an arrangement contains a Lease.
- measured the lease liability at the present value of the remaining lease payments, discounted using the Company's incremental borrowing rate at the date of transition to Ind AS.
- measured a right-of-use asset at the date of transition at an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the Balance Sheet immediately before the date of transition to Ind AS.
- applying a single discount rate to a portfolio of leases with reasonably similar characteristics.
- accounting for operating leases with a remaining lease term of less than 12 months as at 1 April 2019 as short-term leases.
- excluding initial direct costs from the measurement of the right-of-use asset at the date of transition to Ind AS.
- elect not to apply the requirements in paragraph D9B of IND AS 101 to leases for which the underlying asset is of low value. Instead, the Company has accounted for these leases in accordance with paragraph 6 of Ind AS 116.
- use hindsight, such as in determining the lease term if the contract contains options to extend or terminate the lease.

A.2 Ind AS mandatory exceptions

A.2.1 Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at April 1, 2019 are consistent with the estimates as at the same date made in conformity with previous GAAP. The company made estimates for 'Impairment of financial assets based on expected credit loss model' in accordance with Ind AS at the date of transition as these were not required under previous GAAP.

A.2.2 De-recognition of financial assets and liabilities

Ind AS 101 requires a first-time adopter to apply the de-recognition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first-time adopter to apply the de-recognition requirements in Ind AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past transactions was obtained at the time of initially accounting for those transactions. The Company has elected to apply the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind AS.

A.2.3 Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of facts and circumstances that exist on the date of transition to Ind AS.

A.2.4 Impairment of financial assets

Ind AS 101 requires an entity to assess and determine the impairment allowance on financial assets as per Ind AS 109 using the reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments which were initially recognised and compare that to the credit risk at the date of transition to Ind AS. The Company has applied this exception prospectively.

31 (b) Reconciliation between previous GAAP and Ind AS

The following reconciliations provide the explanation and qualification of the differences arising from the transition from previous GAAP to Ind AS in accordance with Ind AS 101, First Time Adoption of Indian Accounting Standards.

D) Reconciliation of total equity as at March 31, 2020 and April 1, 2019 between previous GAAP and Ind AS:

Particulars	Note	As at March 31, 2020	As at April 1, 2019
Total equity (shareholder's funds) as per previous GAAP		1,700.09	1,310.09
Adjustments			
Impact of Ind AS 116, Leases	31(c)(D)	(9.19)	-
Fair Valuation of Security deposits	31(c)(A)	0.57	(0.07)
Actuarial gain/(Loss) on employee defined benefit funds recognised in other comprehensive income	31(c)(C)	-	-
Deferred tax on Adjustments	31(c)(B)	0.59	0.94
Expected credit losses	31(c)(E)	(5.02)	(2.33)
Foreign-exchange forward contracts	31(c)(F)	11.52	-
Total adjustments		(1.53)	(1.46)
Total equity as per Ind AS		1,698.56	1,308.63

II) Reconciliation of total comprehensive income for the year ended March 31, 2020

Particulars	Note	As at March 31, 2020
Net profit under previous GAAP		390.00
Adjustments		
Impact of Ind AS 116, Leases	31(c)(D)	(9.19)
Fair Valuation of Security deposits	31(c)(A)	0.64
Actuarial gain/(Loss) on employee defined benefit funds recognised in other comprehensive income	31(c)(C)	(2.47)
Deferred tax on Adjustments	31(c)(B)	0.27
Expected credit losses	31(c)(E)	(2.70)
Foreign-exchange forward contracts	31(c)(F)	11.52
Net profit under Ind AS		388.07
Other comprehensive (income) / loss (net of tax)		1.85
Total Comprehensive Income under Ind AS		389.92

III) Impact of Ind AS adoption on the statements of cash flows for the year ended March 31, 2020

Particulars	Previous GAAP	Ind AS adjustments	As per Ind AS
Net cash flow from operating activities	(346.51)	196.83	(149.68)
Net cash flow from investing activities	(29.87)	(87.03)	(116.90)
Net cash flow from financing activities	(9.57)	(74.13)	(83.70)
Net increase/(decrease) in cash and cash equivalents	(385.95)	40.22	(350.28)
Opening Cash and cash equivalents	1,911.34	40.64	1,951.98
Closing Cash and cash equivalents	1,525.39	80.86	1,601.70

Tek Travels Private Limited

CIN - U74999DL2006PTC155233

Notes forming part of the financial statements

(All amounts in INR millions, unless otherwise stated)

31 (c) Notes to first-time adoption:

A Fair valuation of security Deposit

Under the previous GAAP, interest free lease security deposits (that are refundable in cash on completion of the lease term) are recorded at their transaction value. Under Ind AS, all financial assets are required to be recognised at fair value. Accordingly, the Company has fair valued these security deposits under Ind AS 109. Difference between the fair value and transaction value of the security deposit has been recognised as prepaid rent/or as right of use asset as per Ind AS 116. Accordingly, the total equity as at March 31, 2020 increased by INR 0.57 Mn (April 1, 2019 decreased by INR 0.07 Mn) and profit for the year ended March 31, 2020 increased by INR 0.64 Mn.

B Deferred tax on Adjustments

Under the previous GAAP, deferred tax is calculated using the income statement approach, which focuses on difference between taxable profits and accounting profits for the year. Ind AS 12 - "Income tax" requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. Based on this approach, additional deferred tax have to be recognised by the company on all IND AS adjustment as some would create temporary difference between books and tax accounts.

Accordingly, the total equity as at March 31, 2020 increased by INR 0.59 Mn (April 1, 2019 - INR 0.94 Mn) and profit for the year ended March 31, 2020 increased by INR 0.27 Mn

C Remeasurements of post-employment benefit obligations

Under Ind AS, remeasurements i.e. actuarial gains and losses excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit or loss. Under the previous GAAP, these remeasurements were forming part of the profit or loss for the year. As a result of this change, the profit for the year ended March 31, 2020 decreased by INR 2.47 Mn. There is no impact on the total equity as at March 31, 2020.

D Impact of IND AS 116, Leases

The Company has adopted Ind AS 116 from April 1, 2019. On adoption of Ind AS 116, the company recognised lease liabilities in relation to leases which had previously been classified as 'operating leases' under IGAAP. These liabilities were measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate as of April 1, 2019 with a corresponding debit to Right-of-use asset, after adjusting amount of any prepaid or accrued lease payments relating to that lease recognised.

Under previous GAAP, rent paid is shown as an expense. However, under Ind AS, Interest is accrued on lease liabilities and rent paid is shown as deduction to lease liabilities and depreciation is charged on Right-of-use asset over the lease period. As a result of this change, the total equity as at March 31, 2020 decreased by INR 9.19 Mn (April 1, 2019 - Rs Nil) and profit for the year ended March 31, 2020 decreased by INR 9.19 Mn.

E Expected credit loss

On transition to Ind AS, the Company has recognised impairment on trade receivables based on the expected credit loss model as required by Ind AS 109. As a result of this change, trade receivables have been reduced owing to increased provision with a corresponding decrease in total equity as at March 31, 2020 by INR 5.02 Mn (April 1, 2019 - INR 2.33 Mn) and profit for the year ended March 31, 2020 decreased by INR 2.70 Mn.

F Foreign-exchange forward contracts

Under the previous GAAP, unrealised gain on derivative assets i.e. on foreign exchange forward contracts outstanding at the end of the reporting period was not recognised. On transition to Ind AS, the Company has recognised gain on derivative assets. Accordingly, total equity as at March 31, 2020 has increased by INR 11.52 Mn (April 1, 2019 - Rs Nil) and profit for the year ended March 31, 2020 increased by INR 11.52 Mn.

G Cash and cash equivalents

Under the previous GAAP, accrued interest on deposits was shown separately under other current assets. Further, the amount receivable from credit card companies was netted off with trade payables. On transition to Ind AS, the Company has included the amount of accrued interest related to deposits with maturity of less than 3 months and amount recoverable from credit card companies in cash and cash equivalents. As a result of this change, cash and cash equivalents have been increased by INR 40.22 Mn (April 1, 2019 - INR 40.64 Mn).

32 Financial risk management

The Company's principal financial liabilities comprise of trade payables, lease liabilities and other payables. These financial liabilities are directly derived from its operations. The Company's principal financial assets include loans, trade and other receivables, and cash and other bank balances that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

(A) Credit risk

Credit risk refers to the risk of default on its obligation by the counter party resulting in a financial loss. For banks and financial institutions, only independent parties with good credit rating are accepted.

The Company assesses the credit quality of the customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external information in accordance with policies and framework set by the management. The compliance with credit limits by customers is regularly monitored by the management. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables. Trade receivables are majorly unsecured and are derived from revenue earned through customers. The Company has used the expected credit loss model to assess the expected credit loss allowance on trade receivables, and has provided it wherever appropriate.

All of the entity's loans measured at amortised cost are considered to have low credit risk, and the loss allowance recognised during the period was therefore limited to 12 months' expected losses. Management considers instruments to be low credit risk when they have a low risk of default and the issuer has a strong capacity to meet its contractual cash flow obligations in the near term (for example, investment grade credit rating with at least one major rating agency).

While cash and cash equivalents and security deposits are also subject to the impairment requirements of Ind AS 109, the identified impairment loss was immaterial.

Refer note 8 for net impairment losses on financial assets

Refer note 10 for expected credit loss under simplified approach and reconciliation

(B) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and maintains adequate source of financing, if required, through the use of commercial credit cards. Processes and policies related to such risks are overseen by senior management.

(i) Maturities of financial liabilities

The table below provides details regarding the contractual maturities of financial liabilities:

Contractual maturities of financial liabilities: (undiscounted)

	Less than 1 year	1 to 5 years	More than 5 years	Total
As at March 31, 2021				
Lease liabilities	39.31	49.31	5.17	93.79
Trade payables	690.91	-	-	690.91
Other current financial liabilities	730.55	-	-	730.55
Total	1,460.77	49.31	5.17	1,515.25
As at March 31, 2020				
Lease liabilities	70.72	116.37	5.58	192.67
Trade payables	1,188.44	-	-	1,188.44
Other current financial liabilities	552.80	-	-	552.80
Total	1,811.96	116.37	5.58	1,933.91
As at April 1, 2019				
Lease liabilities	69.38	190.85	5.97	266.20
Trade payables	2,841.17	-	-	2,841.17
Other current financial liabilities	232.12	-	-	232.12
Total	3,142.67	190.85	5.97	3,339.49

(C) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks majorly includes foreign currency receivables and payables. The sensitivity of the relevant profit and loss item is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2021.

(i) Foreign currency risk

The company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the trade receivables, trade payables and foreign currency forward contracts. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency (INR).

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows

	March 31, 2021 Amount in INR	March 31, 2020 Amount in INR	April 1, 2019 Amount in INR
Financial assets			
Trade receivables			
USD	61.65	244.20	43.16
Other currencies	-	1.14	10.97
Foreign currency forward contracts (Sale - INR, Buy - USD)			
USD	146.20	253.30	-
Financial liabilities			
Trade payables			
USD	262.98	659.04	846.27
Other currencies	10.76	49.98	94.27

Sensitivity

The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjust their translation for the period end for a 6% average change in foreign currency rates. A positive number below indicates an increase in profit or equity where the Rupees strengthened 6% against the relevant currency. For a 6% weakening of the Rupees against relevant currency, there would be a comparable impact on the profits or equity, and the balances below would be negative.

Particulars	Impact on profit after tax	
	For the year ended March 31, 2021	For the year ended March 31, 2020
USD sensitivity		
INR/USD - Increase by 6%, (loss)/gain	(2.48)	(7.27)
INR/USD - Decrease by 6%, (loss)/gain	2.48	7.27

* Holding other variables constant

33 Capital management

(a) Risk management

For the purposes of the Company's capital management, Capital includes equity attributable to the equity holders of the Company and all other equity reserves. The primary objective of the Company's capital management is to ensure that it maintains an efficient capital structure and maximize shareholder value. The Company manages its capital structure and makes adjustments in light of changes in economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders or issue new shares. The Company is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2021, March 31, 2020 and as at April 1, 2019.

34 Fair value measurements

a) Financial instruments by category

	As at March 31, 2021			As at March 31, 2020			As at April 1, 2019		
	Amortised cost	FVPL	FVOCI	Amortised cost	FVPL	FVOCI	Amortised cost	FVPL	FVOCI
Financial assets									
Trade receivables	476.67	-	-	1,540.09	-	-	2,200.34	-	-
Loans	12.60	-	-	12.91	-	-	7.76	-	-
Cash and cash equivalents	1,712.38	-	-	1,601.70	-	-	1,951.98	-	-
Bank balances other than cash and cash equivalents	612.04	-	-	315.96	-	-	226.58	-	-
Other financial assets	196.85	0.16	-	238.03	11.52	-	44.10	-	-
Investments	-	1.24	0.07	-	1.01	0.07	-	1.25	0.01
Total financial assets	3,010.54	1.40	0.07	3,708.69	12.53	0.07	4,430.76	1.25	0.01
Financial liabilities									
Trade payables	690.91	-	-	1,188.44	-	-	2,841.17	-	-
Other financial liabilities	730.55	-	-	552.80	-	-	232.12	-	-
Total financial liabilities	1,421.47	-	-	1,741.24	-	-	3,073.29	-	-

(b) Fair value hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value or are measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath.

i) Financial assets and liabilities which are measured at amortised cost

As of March 31, 2021, March 31, 2020 and April 1, 2019, the fair value of loans, trade receivables, cash and cash equivalent and other bank balances, other current financial assets and liabilities, trade payables approximate their carrying amount largely due to the short term nature of these instruments.

ii) Financial assets and liabilities which are measured at fair value

	Level 1	Level 2	Level 3	Total
As at March 31, 2021				
Financial assets				
Investments at FVPL				
Investment in equity instruments	1.24	-	-	1.24
Foreign exchange forward contracts	-	0.16	-	0.16
Investments at FVOCI				
Investment in equity instruments	-	-	0.07	0.07
Total financial assets	1.24	0.16	0.07	1.47
As at March 31, 2020				
Financial assets				
Investments at FVPL				
Investment in equity instruments	1.01	-	-	1.01
Foreign exchange forward contracts	-	11.52	-	11.52
Investments at FVOCI				
Investment in equity instruments	-	-	0.07	0.07
Total financial assets	1.01	11.52	0.07	12.60
As at April 1, 2019				
Financial assets				
Investments at FVPL				
Investment in equity instruments	1.25	-	-	1.25
Investments at FVOCI				
Investment in equity instruments	-	-	0.01	0.01
Total financial assets	1.25	-	0.01	1.26

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market (for example foreign exchange forward contracts) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no transfer of levels during the year.

Specific valuation techniques used to value financial instruments include:

For investments in equity instruments - the use of quoted market prices or dealer quotes for similar instruments

For derivatives (foreign currency forward contracts) - the present value of future cash flows based on the forward exchange rates at the balance sheet date

35 Employee benefits

	For the year ended March 31, 2021	For the year ended March 31, 2020
(a) Defined contribution plan and amounts recognised in the statement of profit and loss		
Contribution to provident fund	14.85	21.33

(b) Defined benefit plans

A Gratuity

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The plan is unfunded.

Details of changes and obligation under the gratuity plan is given as below:-

I Expense recognized in the statement of profit and loss

	For the year ended March 31, 2021	For the year ended March 31, 2020
(i) Current service cost	9.47	9.79
(ii) Past service cost	-	-
(iii) Interest cost	3.66	3.31
Net expense recognized in the statement of profit and loss	13.13	13.10

II Remeasurement of (Gain)/loss recognised in other comprehensive income

	For the year ended March 31, 2021	For the year ended March 31, 2020
(i) Actuarial changes arising from changes in demographic assumptions	-	-
(ii) Actuarial changes arising from changes in financial assumptions	0.68	(1.95)
(iii) Actuarial changes arising from changes in experience adjustments	(4.38)	(0.52)
Net expense recognised in other comprehensive income	(3.70)	(2.47)

III Changes in obligation during the year ended March 31, 2020 and March 31, 2021

	For the year ended March 31, 2021	For the year ended March 31, 2020
(i) Opening balance	58.61	50.94
(ii) Current service cost	9.47	9.79
(iii) Past service cost	-	-
(iv) Interest cost	3.66	3.31
(v) Remeasurements	(3.70)	(2.47)
(vi) Benefits paid	(3.37)	(2.96)
(vii) Present value of obligation as at year end	64.67	58.61

IV Net liabilities recognised in the balance sheet

	As at March 31, 2021	As at March 31, 2020	As at April 1, 2019
(i) Present value of obligation at the end of the year	64.67	58.61	50.94
(iii) Net liabilities recognised in the balance sheet			
- Current	12.22	9.83	9.28
- Non current	52.45	48.78	41.66

V Experience adjustment

Experience adjustment (Gain) / Loss on plan liabilities

	For the year ended March 31, 2021	For the year ended March 31, 2020
	(4.38)	(0.52)

VI Principle actuarial assumptions

	For the year ended March 31, 2021	For the year ended March 31, 2020
(i) Discount rate (per annum)	6.25%	6.50%
(ii) Salary growth rate	6%	6%
(iii) Mortality	IALM 2012-14	IALM 2012-14
(iv) Retirement age	60 years	60 years
(v) Withdrawal rate (Per Annum)	19.00%	17.50%

VII Quantitative sensitivity analysis for significant assumptions is as below:

(Increase) / decrease on present value of defined benefits obligations at the end of the year	For the year ended March 31, 2021	For the year ended March 31, 2020
Discount Rate		
Increase by 1%	2.91	2.86
Decrease by 1%	(2.98)	(3.00)
Salary Increase		
Increase by 1%	(2.22)	(2.45)
Decrease by 1%	2.11	2.24
Withdrawal Rate		
Increase by 1%	0.21	0.18
Decrease by 1%	(0.21)	(0.18)

Sensitivity due to mortality and attrition are not material and hence, impact of change due to these assumptions are not calculated.

VIII Maturity profile of defined benefit obligation

Particulars	For the year ended March 31, 2021	For the year ended March 31, 2020
0 to 1 year	12.22	9.83
1 to 2 year	3.17	2.73
2 to 3 year	3.41	2.71
3 to 4 year	3.43	2.78
4 to 5 year	3.19	2.78
5 year onwards	39.25	37.77

IX The average duration of the defined benefit plan obligation at the end of the reporting period is 22 years (March 31, 2020: 22 years)

X The estimates of rate of escalation in salary considered in actuarial valuation are after taking into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is as certified by the Actuary.

XI The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

XII The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

37 Segment information

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Company's chief operating decision maker are the executive directors and group chief financial officer.

Company's business activities fall within three primary business segment, viz "Air ticketing, Hotels & packages and others". Company's CODM also examines its performance on the basis of its geographical segments since the operations are undertaken in India as well as outside India. The segment information has been given for business segments considering the CODM primarily relies on business segment information for the purpose of allocating resources and assessing performance.

Business segments

The CODM primarily uses a measure of gross profit (see below) to assess the performance of the operating segments. The CODM also receives information about the segment revenue on a monthly basis.

Year ended March 31, 2021

Particulars	Air ticketing	Hotels and packages	Others	Total

S.No.	Service tax demand - matters under dispute	As at March 31, 2021	As at March 31, 2020	As at April 1, 2019
1	Show Cause Notice (SCN) received from Service Tax Department on May 4, 2017 amounting to INR 11.62 Mn and on March 26, 2018 amounting to INR 68.68 Mn on credit (and cash back) income being liable to Service Tax. The Commissioner Central Tax GST, Gurugram had dropped the demand on December 31, 2018 and case adjourned in the favour of the Company. The department filed an appeal before CESTAT, Chandigarh against the order of the Commissioner Central Tax GST, Gurugram. In the current year, there has been no movement and the Company awaits hearing from the CESTAT, Chandigarh on this matter.	11.62 68.68	11.62 68.68	11.62 68.68
2	Show Cause Notices (SCN) received from Service Tax Department for collecting INR 302.02 Mn as service tax from their sub-agents, for the period April 1, 2007 to March 31, 2013, whereas the Company had already received consideration including service tax from the airlines. The Company had contested that consideration received from the airlines does not include the service tax amount and service tax collected from sub-agents have already been deposited with Government. The Additional Deputy Commissioner confirmed the demand of INR 302.02 Mn vide Order in Original No. 21/2019-5T dated March 19, 2019 along with recovery of interest. In the year 2019-20, the Company filed an appeal before CESTAT against the order of the Additional Deputy Commissioner on June 19, 2020 and also deposited INR 22.65 Mn (7.5% of the demand amount) under protest. In the current year, there has been no movement and the Company awaits hearing from the CESTAT on this matter. The service tax demand above excludes the interest component (if any).	302.02	302.02	302.02
3	Show Cause Notices (SCN) received by the Company whereby the issuing authority had confirmed the demand of INR 16.19 Mn in relation to the matter related to service tax on commission paid on fuel surcharge. The Company had filed an appeal with Customs, Excise & Service Tax Appellate Tribunal (CESTAT) against the order. In the year 2019-20, The Holding Company had settled the dispute under Sabka Vishwas (Legacy Dispute Resolution) Scheme Rules, 2019 and received the discharge form from Authorities on dated February 18, 2020 and March 12, 2020.			36.26
4	Show Cause Notice (SCN) received during the year from the office of the Commissioner, Central GST Audit- Gurugram on June 18, 2020 amounting to INR 90.33 Mn regarding service tax on the following: (1) Commission/incentive (GDS/CRS) income - INR 58.03 Mn, (2) Income in lieu of no show of passengers in case of air travel - INR 20.02 Mn, (3) Income in the form of liabilities written back - INR 12.28 Mn. The Company filed a reply to the show cause notice on February 1, 2021 and accordingly, the Principal Commissioner of CGST dropped the demand for matter 1 & 2 on June 11, 2021 and confirmed the demand of INR 12.28 Mn in relation to matter 3. The Company has filed an appeal with the CESTAT Chandigarh on September 1, 2021 and the Company awaits hearing from the CESTAT, Chandigarh on this matter. Management is of the view that these matters raised are not liable to service tax. Accordingly, no provision has been made in the books of accounts.	12.28	90.33	
Total		394.60	472.65	418.58

i) The Company received intimation u/s 143(1) of the Income tax act 1961 on March 16, 2019 wherein the Income Tax Authority raised a demand of INR 0.36 Mn while originally the Company had filed the return for Refund of INR 2.41 Mn. The Demand was due to error in the computation of total income as the department added back provision for gratuity twice for INR 7.54 Mn. The Company submitted online rectification request for the same. During the year ended March 31, 2021, addition in relation to provision for Gratuity has been dropped in the order U/s 144C. Further an upward adjustment of INR 24.70 Mn (having a tax impact of INR 7.41 Mn) has been proposed U/s 92C(3). The Company has filed an application in form 35A containing objections to draft assessment order U/s 144C.

ii) The Company received assessment order u/s 143(3) of the Income tax act 1961 on May 6, 2020 wherein the Income Tax Authority made an adjustment of INR 0.45 Mn u/s 92CA (having a tax impact of INR 0.14 Mn), being the difference between the arm's length price of the interest provided by the Company in the form of bank guarantee to AE and the charges received by the Company. The Company has filed an appeal with CIT (Appeal) on May 21, 2020 and submission has been done on January 24, 2021. The order of CIT(A) is awaited.

Related to claim by a customer on performance of services and related damages.

Note:

(a) It is not practicable for Company to estimate the timing of cash outflow, if any, in respect of the above pending resolution of the respective proceedings.
 (b) The Company does not expect any reimbursements in respect of the above contingent liabilities.

Commitments

Capital expenditure contracted for at the end of the reporting period but not recognised as liabilities are INR 1.90 Mn (March 31, 2020 - nil, April 01, 2019 - nil).

39 Earnings per share

	Year ended March 31, 2021	Year ended March 31, 2020
(a) Net profit for calculation of basic and diluted EPS	93.01	388.06
(b) Weighted average number of equity shares of INR 10 each (March 31, 2020: INR 10 each)	1,895,272	1,895,272
(c) Basic and diluted earnings per share	49.08	204.75

* Diluted earnings per share is same as basic earning per share as there are no potential equity shares

Reconciliations of earnings used in calculating earnings per share

Basic earnings per share		
Profit attributable to the equity holders of the company used in calculating basic earnings per share:		
Diluted earnings per share	93.01	388.06
Profit from continuing operations attributable to the equity holders of the company:		
Used in calculating basic earnings per share		388.06
Impact of potential equity shares (No potential equity share)	93.01	388.06
Used in calculating diluted earnings per share	-	-
Profit attributable to the equity holders of the company used in calculating diluted earnings per share	93.01	388.06
Weighted average number of shares used as the denominator	93.01	388.06
Weighted average number of equity shares used as the denominator in calculating basic earnings per share		
Weighted average number of equity shares used as the denominator in calculating diluted earnings per share	1,895,272	1,895,272
Weighted average number of equity shares and potential equity shares used as the denominator in calculating diluted earnings per share	1,895,272	1,895,272

40 Corporate Social Responsibility (CSR)

As per Section 135 of the Companies Act, 2013, a company, meeting the applicability threshold, needs to spend at least 2% of its average net profit for the immediately preceding three financial years on corporate social responsibility (CSR) activities. The areas for CSR activities are eradication of hunger and malnutrition, promoting education, art and culture, healthcare, destitute care and rehabilitation, environment sustainability, disaster relief, COVID-19 relief and rural development projects.

	Year ended March 31, 2021	Year ended March 31, 2020
Gross amount required to be spent as per Section 135 of the Act*		
Amount spent during the year on:	8.22	7.52
(i) Construction/acquisition of any asset		
(ii) On purpose other than(i) above		
Amount yet to be paid in cash	8.22	7.52

Details of CSR expenditure under Section 135(5) of the Act in respect of other than ongoing projects

Balance unspent as at 1 April 2020	Amount deposited in Specified Fund of Schedule VII of the Act within 6 months	Amount required to be spent during the year	Amount spent during the year	Balance unspent as at 31 March 2021
		8.22		
			8.22	

*This represents 2% average net profit (computed in accordance with provision of section 198 of Companies Act, 2013) of the Company, made during the 3 immediately preceding financial years, in pursuant of its corporate social responsibility policy.

41 Transfer pricing

The Company has a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under sections 92-92F of the Income Tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company appoints independent consultants for conducting a Transfer Pricing Study to determine whether the transactions with associate enterprises are undertaken, during the financial year, on an "arms length basis". Adjustments, if any, arising from the transfer pricing study shall be accounted for as and when the study is completed for the current financial year. However, the management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation.

42 Impact of Covid-19 pandemic

The outbreak of Coronavirus (COVID-19) pandemic globally and in India is causing significant disturbance and slowdown of economic activity. In many countries, businesses are being forced to cease or limit their operations for long or indefinite periods of time. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered significant disruptions to businesses worldwide, resulting in an economic slowdown. COVID-19 is significantly impacting business operation of the company.

The announcement of lockdown restrictions by the Government of India with effect from March 24, 2020 led to shutting down of operations at most of the Company's locations. The Company has considered the possible impact of internal and external factors known to the management upto the date of approval of these financial statements, to assess and finalise the carrying amount of its assets and liabilities. Based on its assessment, management believes that no adjustments are required in these financial statements. However, in view of the various preventive measures taken (such as lockdown, travel restriction, etc) and highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods in highly dependent upon circumstances as they evolve.

43 As per Central Goods and Services Act ("CGST") Act, 2017, every e-commerce operator, not being an agent, is required to collect an amount called as Tax Collection at Source (TCS), as notified, of the net value of taxable supplies made through it, where the consideration with respect to such supplies is to be collected by such operator. The Company is dependent on the Airlines for the net value of taxable supplies and accordingly, the TCS calculated and deposited once the airlines confirms the net value of the taxable supplies. As a result of delays from the airlines in providing the value of the taxable supplies, there are delays in depositing TCS to the appropriate authorities. This TCS is reimbursed by the Airlines after the amount is deposited by the Company. As on March 31, 2021 - there is a recoverable on account of TCS from Airlines amounting to INR 138.65 million (March 31, 2020 - INR 212.61 million, April, 2019 - INR 21.07 million).

44 The Code on Social Security, 2020 ('Code') relating to employee benefits received the Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the code will come into effect has not yet been notified and also the rules are yet to be framed. The Company will assess the impact of Code when it comes into effect and will record any related impact in the period the code will become effective.

45 Subsequent to year ended March 31, 2021, the Company has entered into a business transfer agreement with Gemini Tours and Travels and its existing partners, ("seller") for purchase of all of Intellectual Property, Contracts, Business Information and other assets for a consideration of Rs. 90,000,000. The transaction was completed on June 1, 2021 ("closing date").

At the time the financial statements were authorised for issue, the Company had not yet completed the accounting for the acquisition of Gemini Tours and Travels and its existing partners. In particular, the fair values of the assets and liabilities have not yet been determined as the independent valuations are in progress. It is also not yet possible to provide detailed information about fair value of assets and liabilities acquired as part of this transaction.
